## Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle. Benton's Liniment for sale at all drug stores.

## Notice.

I take pleasure in stating to the public that I have opened the Silver State Restaurant and will run the business under my sole supervision. Not having a partner and being untrammelled in the management of the business, I shall endeavor to merit a full share of public patronage. LIDA WINTERS.

The people of Carson and vicinity that want furniture repaired should try Mr. Meyers a first class upholsterer who will make your mattresses and lounges over as good as new. This mechanic will stop in Carson if the people will only give him a chance to prove himself worthy. Geo. W. Kitzmeyer has tendered him his workshop who will guarantee that his work will be good and charges satisfactory. Persons who have tried the so called upholsters who are not responsible for their work, will find a big difference in their favor if they trust their upholstering to this man. Call at the store of Geo. W. Kitzmeyer. 1w

## ALL SORTS.

First snow of the season yesterday.

The weather cleared up after the storm.

Foster's storm seems to be upon us.

Taxes are delinquent on the 3rd of December.

Mrs. M. A. Murphy is convalescing.

Remember that taxes will become delinquent Dec. 3rd 1894 at 4 o'clock p. m. E. AUBE, Tax Collector.

The stamp dealers have purchased all the Columbian issue and you can't get them without paying extra.

Surveyor General-elect A. C. Pratt had a majority of over 1900 votes being the highest on the ticket.

Everybody is glad that the storm has come at last. The Indians predict little snow and an open winter.

The newly elected State officers are already writing to Carson to inquire for desirable houses to live in for the next four or eight years.

The Comstockers are getting quite accustomed to the earthquakeshocks. They regard straight whiskey as being the only preventive.

The steamer Falcon, which was returning from Philadelphia to St. Johns, was lost at sea with all hands. This is the boat used by the Perry Exploring company.

The gum on the last issue of 2 cent letter stamps is so poor that extra mucilage has to be added if you expect the letter to go.

There will be Union Thanksgiving Service at the M. E. Church Thursday at 11 a. m. Sermon by Rev. F. L. Nash.

W. J. MITCHELL, Pastor.

The Salt Lake Tribune has been worsted in a libel suit to the extent of \$3,500, the plaintiff changing libel during the campaign of 1892. The Tribune has appealed.

All the defeated State officials have accepted invitations to Nixon's ball at Winnemucca on Thanksgiving eve. Several have already applied for passes on the S. P. R. R.

One of the end men of the Minstrel show in describing the speed of his horse, said he went like a fish wagon getting to the Carson Mint on Friday. A few of the audience laughed but the joke seemed too complicated for the majority.

The ten-year-old son of F. M. Cook, living five miles south of Fresno, was shot in the forehead Saturday by a neighbor's boy of the same age with a twenty-two calibre rifle. The boy aimed at his comrade's head, but claims he did not intend to shoot.

Horace Nathaniel Pennoyer, aged nineteen years, the only son of Governor Pennoyer of Oregon, died at Williamstown, Pa. Saturday, of typhoid fever. He was a member of the freshman class at Williams College and had been sick about two weeks. He caught cold at the Williams Cornell foot-ball game November 10th, and acute peritonitis followed.

The Hawaiian Charge d'Affaires at Washington is not disturbed about the prospect of revolution in the islands. He says the desire is confined to white Royalists and not supported by the natives. That is very credible. There were a lot of hangers-on who made dirty money out of the monarchy, whose income is now shut off. They would like to get back to their pickings, but are not strong enough to accomplish anything serious.

Geo. I. Lamy has just started his violin class for the fall term. If you want to study that king of all instruments under the most rapid system known, consult that popular young orchestra leader and teacher.

## Piano Lessons.

Miss Sophia Jacobs who has been studying music under the instruction of Prof. F. Zech of San Francisco, is now prepared to give lessons to a limited number of pupils. For particulars inquire at residence.

ADVICE TO MOTHERS.—Mrs. Winslow's thing Syro should always use for children teething. It not only soothes the gums, softens the pain, cures wind colic and all the best remedy for diarrhoea.

## Yerington and Esmeralda County.

The Reno Gazette takes the voters of Esmeralda to task for turning down Fair Commissioner James Yerington after doing so much for Nevada at the World's Fair and the Midwinter Fair.

Mr. Yerington did some splendid work at Chicago but at the Midwinter was not so successful.

His first mistake was to let a contract for erecting the Nevada building to California carpenters at a higher figure than Nevada carpenters put in their bids for, and hard feelings engendered by this act hampered his administration.

There were many diverse interests and cliques fighting at the Midwinter Fair, but under the circumstances it is quite probable that Mr. Yerington did as well as anybody else. In order to carry on the exhibition he went security for several thousand dollars and paid it. In justice to him this money should be refunded by the Legislature. The voters of Esmeralda did not turn him down on account of the Fair, but because he had changed front on the Silver question.

## Charlie Wilson.

One of the most familiar figures on the streets of Carson will be missed with the departure of Charlie Wilson to San Francisco. He has been an active politician in Carson for over a quarter of a century, and was a diamond in the rough. He was raised in the neighborhood of the Bowery in New York, and was a fire jakey of the most pronounced type. His early life and training was passed in surroundings that would have downed most men, but in spite of all these drawbacks he lived to be a man who was known among his fellows as being incapable of an underhanded action, and whose word was never successfully questioned. His heart was as big as an ox, and during the years he accepted a position in the Mint, nearly half his salary went to assist poverty and distress, and scores of poor families in Carson will miss the fat turkeys and boxes of groceries that he was in the habit of sending around about Christmas and Thanksgiving time.

## An Unfortunate Blow.

Last Saturday Sam Williams and Al. Ernest had a punching match up on the 34 ground. Williams was the victor, but in the scrap he struck Ernest on the back of the head with his fist and broke two bones in the back of his right hand. He went to Virginia to have the hand attended to, and will not be able to work for a week or two to come. When his puncher gets well it is likely that he and Ernest will put on light gloves and have a finish fight in the Athletic Club here. —Dayton Times.

## A Bad Verdict.

Author Brown of Salt Lake sued the Tribune for libel because it called him a bulldozer and secured a judgement against the paper. The verdict must have been the result of vindictive spleen on the part of the jury, as such a verdict for such an accusation is all out of place. The testimony showed the allegation to be true.

## The Strikers Trial.

The trial of the Carlin strikers has begun again, but it is merely a repetition of the first case in which the jury disagreed. So far no new testimony has been introduced on either side, and the APPEAL understands that there is no new testimony to be introduced. All the testimony in the case has already been published in the APPEAL.

## The Turkey Shoot.

Wiggins the Empire sport and candidate for Port Collector on the Non Partisan ticket is buying wheat by the ton to fatten up his turkeys for the Thanksgiving shoot.

They are now so fat they can hardly waddle without crutches and life is such a burden that they want to die. Not one would dodge a bullet to live another hour.

## The Workmen's Ball.

The Ball of the Workmen at Armory Hall this evening will draw a large crowd of dancers. A large number of tickets have been disposed of and everybody is anticipating a very good time.

## From the Orient.

Copenhagen, Nov. 27.—A cable dispatch dated Shanghai has been received here saying an Imperial decree has been issued depriving Li Hung Chang of all honors, but allowing him to retain his present position.

## NOTICE.

A special meeting of the Board of County Commissioners will be held Monday Dec. 3rd 1894 at 10 o'clock a. m. All parties having claims against Ormsby County are requested to present the same on or before Saturday Nov. 30th at 4 o'clock p. m.

N. B. Claims presented on Dec. 3rd will be acted upon at the option of the Board only.

By order of the Board of County Commissioners of Ormsby county.

J. MULLER, Chairman.  
E. AUBE, Clerk.

Our Republican contemporaries before the nominating conventions met, told their readers every day just who the parties proposed to put on the ticket. In most instances they were mistaken. Now they volubly discuss who are to be the deputies, and by some peculiar process unknown to ordinary mortals, they know more about the future intentions of the State officers elect than members of the Silver party. But it was ever thus.

We don't wish to be too critical with amateur minstrels, but would suggest that the time has arrived when jokes and commedrams founded on the habits of the domestic hen be temporary shelved at least for the minstrel season of 1895. After they have been laid away for awhile, they can be brought out and used again in case the public began to clamor for them. A little vacation would do them no harm and they would not be seriously missed.

## Turkey Shoot and Thanks. giving Ball.

The gubernatorial proclamation that Thanksgiving will be a day of rest and that the Governor will be whopped up this year does not complete the idea without the announcement that Admirable Wiggins of Empire will have a turkey shooting and masquerade ball on Thanksgiving. The turkeys will be fat and juicy and stand still to be shot at, and the ball will be up to the usual standard of these festive events in Empire. There will be chicken shooting with shot guns and all kinds of true real old Thanksgiving sports with hilarity in the evening that makes life worth living in the seaport town.
